Subject: Bioaccumulation Model meeting/webinar

Rob, Mike and Bill,

Ray and I spoke earlier and decided that this should be a web meeting since, it's supposed to start snowing Wednesday with snow accumulation of 6-10 inches predicted for Thursday and continue until Friday morning. We can follow up with a face to face meeting either in late February or March.

However, if folks can make it to K&L they can take the webinar there.

Thanks,

eugenia

Subject: Fwd: Accepted: FW: Bioaccumulation Model

Let's leave ourselves the option to convert to a web-meeting/teleconference and make the decision by noon on Wednesday. The CPG has Mike Johns and John Toll traveling from Seattle on Wednesday afternoon and they are supposed to have a return flight on Thursday afternoon - I don't want to strand them somewhere. I will be traveling Wednesday evening - I will be coming back from Chicago with my daughter from her interviews at the University of Chicago.

R/

Rob
